ABOUT THE WORKSHOP

To popularize the use of Statistics in everyday life and sensitize the scholars as to how Statistics helps in shaping and framing policies, the Government has been celebrating the Statistics Day at the national level on the birth anniversary of Prof. P. C. Mahalanobis, on 29th June, in recognition of his invaluable contribution in establishing the National Statistical System. One day National Workshop–cum Outreach Program for the Scientists/Research scholars with the theme “Significance of Statistics in the Present Digital Era” shall be organised through the hybrid mode.

Objective of the Workshop

- To provide a platform for discussion on the statistical issues of common interest in present digital era.
- To discuss the role of Statistics in Research and in Daily Life
- Special session with students to create awareness about statistics

ABOUT UNIVERSITY

Sher-e-Kashmir University of Agricultural Sciences and Technology of Kashmir (SKUAST-K) is a multi-campus University with its headquarters at Shalimar Srinagar. Its territorial jurisdictions are defined to Kashmir and Ladakh regions. It has five faculties Viz: Faculty of Agriculture, Faculty of Veterinary Science and Animal Husbandry, Faculty of Fisheries, Faculty of Forestry & Faculty of Horticulture besides College of Temperate Sericulture and College of Agri. Engineering.

ABOUT FACULTY OF FORESTRY

The Faculty of Forestry at SKUAST-Kashmir, located in Benhama-Ganderbal, is organized into several key divisions focused on teaching, research, and extension in forestry sciences. Main divisions include Silviculture and Agroforestry, Forest Products and Utilization (FPU), Natural Resource Management (NRM), and Social and Basic Sciences. Key Divisions and Areas of Study:
Division of Silviculture and Agroforestry: Focuses on tree cultivation, forest management, and agroforestry systems.
Division of Forest Products and Utilization (FPU): Deals with the processing, utilization, and value addition of forest products.

Division of Natural Resource Management (NRM): Covers management of forest resources, watershed management, and biodiversity conservation.
Division of Social and Basic Sciences: Focuses on forest economics, policy, extension, and social aspects of forestry, as well as forest ecology and environmental sciences.

The Faculty, established in 2007, offers undergraduate, postgraduate, and PhD programs and plays a crucial role in temperate forestry research and development.
