Visit daadscholarship.com for the full application process, eligibility rules and official details before the deadline.

Tokyo Institute of Technology MEXT Scholarship 2027 in Japan (Fully Funded | University Recommendation via IGP(A))

Dear Candidate,

Admissions and scholarships for the **International Graduate Program (A)** are officially open for September 2027 admission at the newly **merged Institute of Science Tokyo** (formerly **Tokyo Institute of Technology**). This is a prestigious, fully funded opportunity provided by **the Japanese Government for outstanding international students to pursue Master's and Doctoral degrees in science and engineering.**

The IGP(A) program is designed to cultivate future global leaders. It offers a unique environment for advanced research and interdisciplinary study. Candidates are highly encouraged to review all details and contact a potential supervisor before the application deadline.

1. Eligibility Criteria

- **Nationality**: Citizen of a country with diplomatic relations with Japan.
- **Age**: Born on or after April 2, 1992 (under 35 years old).
- **Academic**: Bachelor's degree for Master's; Master's degree for Doctoral; minimum GPA of 2.30/3.00.
- **Language**: Proof of English proficiency (TOEFL, IELTS, etc.) or completion of an English-taught degree.
- **Supervisor**: Must secure a consent letter from a potential supervisor at Institute of Science Tokyo.

2. Popular Program Areas (IGP(A))

- **School of Science**: Mathematics, Physics, Chemistry, Earth and Planetary Sciences.
- **School of Engineering**: Mechanical, Systems and Control, Electrical and Electronic, Information and Communications, Industrial.
- **School of Materials and Chemical Technology**: Materials Science, Chemical Science and Engineering.
- **School of Computing**: Computer Science, Mathematical and Computing Science.
- **School of Life Science and Technology**: Life Science and Technology.
- **School of Environment and Society**: Architecture and Building, Civil and Environmental, Transdisciplinary Science, Social and Human.

3. Key Logistics

- **Offer Terms**: A fully funded Japanese Government Scholarship (MEXT).
- **Application Route**: University Recommendation through IGP(A).
- **Tuition & Fees**: Fully waived (admission and tuition).
- **Airfare**: Provided under MEXT rules (round trip).

Sincerely,
Institute of Science Tokyo

Scholarship Year:	2027	**Application Deadline:**	22 November 2026

Alexander von HUMBOLDT STIFTUNG

Humboldt Research Fellowships

6–24-month Research Stay I Germany

In providing Humboldt Research Fellowships for postdocs and experienced researchers, the Alexander von Humboldt Foundation enables highly-qualified scientists and scholars from abroad to spend extended periods of research in Germany. Scientists and scholars from all disciplines and countries may apply. Postdocs researchers can apply **up to four years after completing their doctorates** for a sponsorship period of 6–24 months. Experienced researchers can apply **up to twelve years after completing their doctorates** for a sponsorship period of 6–18 months. Short-term visits for study and training purposes or for attending conferences are not eligible for sponsorship.

The duration of the fellowship may be divided up into a maximum of three visits, with each visit lasting at least three months. The research fellowship must be used within 36 months of commencement and within 48 months if it is extended (for further information on sponsorship, see "Fellowship specifications" section).

The research outline is carried out in cooperation with academic hosts at research institutions in Germany. Candidates choose their own topic of research and their host in Germany. Details of the research outline including information on the intended duration of the fellowship and division of visits, if applicable, must be agreed with the intended host before applying.

Fellowship specifications:

The Alexander von Humboldt Foundation awards a monthly fellowship rate of **3,000 EUR for postdocs** and **3,600 EUR for experienced researchers** plus a **mobility allowance** and a **subsidy towards the cost of medical and liability insurance.** A **lump sum for travel expenses** and an **initial subsidy** are also paid.

Before the start of the fellowship, the Humboldt Foundation provides an **intensive language course in Germany** lasting two or four months (including for accompanying partners).

In addition, a family allowance for accompanying partners and/or children under 18 will be granted if they are staying in Germany for at least three months. The following benefits may also be applied for:

- a subsidy towards the cost of medical and liability insurance for an accompanying partner and/or children under the age of 18;
- a flat-rate allowance for single parents with accompanying children;
- extension of the fellowship for research fellows accompanied by children or for a maternity period.

There are further support options for research fellows with **disabilities or chronic illnesses**.
